Sympathy

A gift from the heart!

Recognize the important occasions of the special people in your life and help the children and families in our community... at the same time!

A card for every occasion!

When you want to express your appreciation, encouragement, gratitude, sympathy or congratulations to a friend, relative, co-worker or client... honor them by making a gift in their name to Children's Home. We will then send a greeting card, specially designed by Children's Home, to that person. Each card is personalized with the recipient's name, an acknowledgement of their special occasion and the name of the person making the gift.

You make the gift, we send the card!

Please contact Stephanie Pickett, Fund Development & Communications Coordinator, at 309.687.7213 or spickett@chail.org with any questions about this unique program.

Thank you so much for your support of our children, our families and our community!

We ask that a **\$25 minimum** gift be made for each person honored.
