Mark Sanders, LCSW, CADAC, is an international speaker, trainer, and consultant in the behavioral health field whose presentations have reached thousands throughout the United States, Europe, Canada, Caribbean and British Islands.

He is the author of 5 books focused on behavioral health, and has had 2 stories published in Chicken Soup for the Soul.

Mark has been a certified addictions counselor for 34 years and is the co-founder of Serenity Academy of Chicago, the only recovery high school in Illinois. He's also had a 30 year career as a university educator teaching at various schools throughout Illinois.

Good Grief: Helping Clients Cope With Loss

Clients suffer a range of losses, including: death of a loved one, miscarriages & stillborn births, separation, divorce, loss of jobs, multiple placements, etc.

OBJECTIVES

- Know the difference between grief & mourning.
- Understand 4 models which describe the stages of grief. Understand 6 factors which complicate grief.
- Address unacknowledged & unspeakable losses.
- Understand the 10 things that grief counselors do.
- Be able to use the termination phase of counseling to help clients cope with loss.

It's A Family Affair: Working with Clients from a Family Systems Perspective

In spite of research suggesting family therapy can promote healing and recovery for generations, it's one of the most neglected modalities.

OBJECTIVES

- Be able to implement a family systems perspective.
- Help clients establish healthy boundaries in their family of origin.
- Help clients understand the impact of sibling order on their behavior.
- Learn 3 classic family therapy models.
- Learn 3 modern evidence based family therapy models.
- Utilize 10 strategies to motivate reluctant families to participate.
